

No Screen Time Day – Friday 12 February

Capture The Day

If someone had described the past year to you in February 2020, you would not have believed them. Covid 19 has had a huge impact on our lives.

In the future when you look back on this time in your life, you might forget some of the things that have been important .

Why not 'Capture The Day'?

How?

A diary entry

A collage

A time capsule

A scrapbook A story based in these times (or something of your choice)

Share your day of activities and challenges with us at school by sending photos to:

enrichment@croftonacademy.org.uk

Remember to include your name and form.

Brainstorm things that you associate with this time in your life. You can include both negative and positive things.

Think about what you have seen on the news and also how your own life has been affected.

You may also have some memories that make you laugh alongside realising how you have started to see things differently due to lockdown .

Once you have gathered all of your ideas you can use them to create a memory aid (an activity that creates something that can be used in the future to remember today).
