Dear Parent/Carer

RESTART-A-HEART DAY – YEAR 11 CPR TRAINING

On Friday 15 October, thousands of young people around the UK will be given the opportunity to learn how to help restart the heart of someone who has suffered a cardiac arrest with the support of the British Heart Foundation, St John's Ambulance and the British Red Cross, along with all regional Ambulance Services and Fire and Rescue Services.

This year we have been selected to participate in this huge event and have chosen Year 11 pupils to take part, as we feel that CPR training is a valuable life skill that they can take with them when they leave us next year.

RESTART-A-HEART day is an international event held across Europe, and volunteers from the Yorkshire Ambulance Service will be here to train our pupils in CPR in short sessions throughout the day. Each Year 11 pupil will be out of lessons for half an hour of training using CPR manikins.

More information is available about the international event at <https://www.resus.org.uk/events/rsah/>.

Yours faithfully
